

## **Dantech Awarded GSA Schedule to Provide IT and Cloud Services to Federal Agencies**

Washington, D.C. – January 2025 – Dantech Corporation, a recognized provider of IT and cloud services, skills, and solutions, is proud to announce that it has been awarded the [Multiple Award Schedule \(MAS\)](#) Contract Number [47QTCA25D002J](#) for service offerings in Cloud (518210C0) and IT Services (54151S) by the [General Services Administration \(GSA\)](#). This achievement marks a significant milestone in Dantech’s commitment to delivering cutting-edge IT and cloud consulting services to federal government agencies across the United States.

As a trusted [Amazon Web Services \(AWS\) partner](#), [Dantech](#) has a proven track record of helping organizations accelerate digital transformation, enhance operational efficiency, maintain compliance, manage spend, enhance operations, and secure environments. The GSA Schedule designation simplifies procurement for federal agencies, providing them with streamlined access to Dantech’s industry-leading IT solutions.

### **Advancing Government IT with Secure and Scalable Cloud Solutions**

The federal government’s rapid shift toward cloud adoption, cybersecurity resilience, and IT modernization requires reliable partners who understand the complexities of public-sector IT environments. With the newly awarded GSA Schedule, [Dantech](#) is well-positioned to assist agencies in achieving mission-critical objectives, ensuring compliance with federal security standards, and optimizing infrastructure through innovative cloud solutions.

“Earning a place on the GSA Schedule reflects our unwavering commitment to empowering federal agencies with innovative, secure, and scalable IT solutions,” said Dana Cottrell, CEO and Principal Architect of Dantech Corporation. “We take pride in delivering technology that enables government organizations to modernize with confidence and agility.”

### **Key IT and Cloud Services Available Through GSA Schedule**

Through its [GSA Schedule](#), Dantech provides federal agencies with a comprehensive suite of IT services, including:

- \* Cloud Migration & Optimization – Seamlessly transition to secure, scalable cloud environments, leveraging AWS, hybrid, and multi-cloud strategies.
- \* Cybersecurity & Compliance – Strengthen security postures with Zero Trust Architecture, continuous monitoring, and compliance with NIST, FedRAMP, and other federal mandates.
- \* Data Analytics & AI Solutions – Enhance decision-making with real-time insights powered by artificial intelligence and machine learning.
- \* IT Infrastructure Modernization – Upgrade legacy systems to increase efficiency, agility, and operational resilience.
- \* Managed IT Services & Support – Ensure high availability, reliability, and cost-effective maintenance of critical IT infrastructure.

### **A Strategic Partner for Federal Digital Transformation**

Dantech’s GSA Schedule award provides government agencies with a pre-vetted, cost-effective procurement vehicle, reducing administrative burdens and expediting the acquisition of top-tier IT services. By leveraging Dantech’s expertise in technology modernization, data analytics, artificial intelligence, IT operations, cybersecurity, and digital innovation, agencies can achieve greater efficiency, security, and mission success.

With a focus on quality delivery and a customer-first approach, Dantech has built a reputation for excellence. The company remains dedicated to equipping federal agencies with the tools and expertise needed to navigate the ever-evolving technology landscape.

### **About Dantech**

Headquartered in Washington, D.C., [Dantech Corporation](#) is a technology consulting firm that aspires to have a meaningful impact through technology and customer service.
